

PROFILE

Kristin van Tonder

EDUCATION

- MEd Curriculum Studies (and Educational Technology)
- BEd Honours (Educational Psychology)
- PGCE (Science and Mathematics education)
- BSc Molecular Biology and Biotechnology (with Psychology)

INTERESTS

Learning area

- I am interested to advise lecturers in the **Humanities, Health Sciences** and **Science** faculties; however, I would prefer not to consult on any courses heavily mathematically focused. I would also be willing to advise for the **Law** and **Commerce** faculties, but preferably not for any accounting courses.
- I am comfortable in consulting for undergraduate and postgraduate courses.

Technical aspects

○ I am interested in:

- Materials design
- The design aspect of the Vula page
- Providing ideas and guidance to the learning pathway of a module on Vula

○ I am not yet comfortable with:

- Video editing
- Providing accessibility to an entire document
